

# ミスター-MISTER STROBOTO ロボット

## 8x 100W White LED Strobe / Blinder + RGB Effects

### IP65, 8-Pixel Effects

Mister Stroboto™ is an IP65 rated LED blinder with a total of 8x 100W white LEDs, and 32x 3W 3-in-1 RGB background LEDs. The face of the fixture is divided into 8x individually controllable cells, each containing 1x white LED + 4x 3W RGB LEDs that can create blinding strobe & colored background effects.

### Total Control

It features full pixel mapping abilities, as well as separate auto programs for the white LEDs and colored LEDs. The white strobe LEDs offer a variety of effects with flash duration settings, while the RGB LEDs offer multiple preset colors and fade effects.

**IP65**

SUITABLE FOR OUTDOOR USE

### Main Features

- 8x 100W 6500K CTO white LED strobe
- Background colors via 32x 3W 3-in-1 RGB LEDs
- IP65 rated, suitable for outdoor use
- Individually controllable LEDs + 4/8-section RGB cells
- 1-30Hz strobe, duration, and variable effects
- Built-in strobe & background color auto programs
- 15 preset background colors + effect macros
- Quick mount magnetic lens diffuser
- 90 degree beam angle
- Tempered glass lens and watertight internal gaskets
- 5-pin DMX In/Out + RJ45 etherCON® connections
- PowerCON® TRUE1-compatible power in/out

#### Optical

8x 100W 6500K CTO white LED

32\* 3W 3-in-1 RGB LEDs (background)

90° beam angle

Magnetic mount LED diffuser

#### Weight & Dimensions

20.1" x 4.6" x 11.3" (50.9 x 11.7 x 28.7 cm)

28 Lbs. (12.7 kg)

#### Control

Protocol: USITT DMX-512, Art-Net, RDM

2/4/12/29/45-channels

2.4" TFT LCD menu

DMX, master/slave, auto

5-pin DMX In/Out, 2x RJ45 connections

#### Power + Current

100-240VAC, 50-60 Hz

Power consumption: 350W, 1.5A (RGB) / 800W, 3A (strobe)

PowerCON® TRUE1-compatible power in/out

#### Warranty

2-year limited warranty
