

SPECTRA CUBE UV 50W LED WASH

The Spectra Cube UV is a 50 Watt wash luminaire with 365nm ultraviolet (UV) LEDs designed for theatrical and architectural applications with both Smart Track or portable options available. The UVCUBE is convection cooled - without the use of fans - to provide silent, longterm, high-output performance.

The Spectra Cube is compatible with DMX and RDM protocols, and comes complete with a library of pre-programmed single colors to various color mixes. Units are made for floor, portable, or track mount applications.
