

SPECTRA SERIES UV30 LED WASH

The Spectra Series UV30 is a 30 Watt UV luminaire utilizing high performance, long life UV-A emitters. The Spectra Series UV30 is designed with three LED cells on three independent DMX channels for intensity control. The LED cells can be individually focused and the interchangeable yoke allows for vertical or horizontal alignment.

An on board multi-voltage power supply allows for direct power and data connection as well as feed through capabilities. The Spectra Series UV30 is compatible with both DMX and RDM protocols and comes complete with a library of pre-programmed fades and strobes as well as manual intensity control.
