

1-Meter RGB LED Color/Pixel Bar

LED Wash + Pixel Effects

StormChaser™ Supercell is a 1-meter RGB wash + pixel effect light fixture with a total of 224x super-bright 5050RGB/0.2W LEDs. It can create vivid colored wash effects, and its 16x individually grouped cells can deliver spectacular fast-paced visual effects via DMX, auto, or sound active modes.

Loaded with Features

Color mixing and presets are available directly using its 4-button LED control panel, as well as 59 amazing built-in color chase effects. Completely different looks can also be created by using any of its 3 interchangeable lens options (frosted, opaque, and clear), which are included.

And of course, StormChaser™ Supercell is backed by Blizzard's 2-year limited warranty!

Main Features
