

VL2600 SE UPGRADE

Date: _____

Type: _____

Firm Name: _____

Project: _____

The VL2600 Series is, to date, one of the most popular Vari-Lite fixtures ever produced. The VL2600 SE Upgrade light engine offers a sustainable industry approach to product life cycle extension. As well as extending the current VL2600 series fixture life cycle, upgrades in LED efficiencies once fitted offers a significantly increased output to existing VL2600 Series fixtures without comprising the light quality.

- Straight replacement for current VL2600 Series light engine – extend the life of any VL2600 Profile, Wash, or Spot
- Significantly increased output – higher lumen output with same great feature set
- Works with highly specified VL2600 Series – compatible with wide available, commonly specified workhorse family of fixtures

- 10-year minimum lifecycle – fixture will remain in use for years to come
