

NEO PC

Date: _____
Type: _____
Firm: _____
Name: _____
Project: _____

NEO PC allows all the same functionality from the powerful NEO software to output from your own PC whether you use the optional USB to DMX Cable or an existing DMX Ethernet network. Icons and Shutter controls are represented graphically on the display, saving time and presenting meaningful data to the operator. Floating windows allow the operator to configure their views their way, making it easier to find information. Effects are revolutionized, with “Time Line” features, allowing drag and drop to create that perfectly timed sequence.

- 100 Universes of DMX
- Virtual Submasters
- Virtual A/B Playback Faders
- Virtual Multi-Function Faders
- Virtual Grand Masters
